विश्व पर्यावरण दिवस
5 जून 2018
प्लास्टिक प्रदूषण पर रोक लगाए
Today, on the World Environment Day, we solemnly affirm that we shall continue to work for reducing the environmental degradation. On this day, we rededicate ourselves to prevent the environmental degradation not only for us but also for the generations to come.

We also commit ourselves to recycle the waste material and to re-use material. We shall make all efforts to minimize the release of waste to the air, water, and land. 

WORLD ENVIRONMENT DAY

“PLEDGE”
Store plastic produce bags in an empty cardboard tissue box.
